

Session Program

18 May 2020

10th FTEC Workshop

FTEC 2018: Electrical Engineering

Monday 18 May

09:00

FTEC 2018: Electrical Engineering

Session

09:00-09:10

Electronic/Electrical Engineer working on the Development of Quench Protection Systems for Superconducting Magnet Circuits (REF278W)

Speaker

Miguel Leon Lopez

09:10-09:20

Test engineer for superconducting magnets and superconducting links (REF285X)

Speaker

Elena Fernandez Mora

09:20
