

Session Program

18 May 2020

10th FTEC Workshop

FTEC2019: Mechanical Engineering

Monday 18 May

11:45

FTEC2019: Mechanical Engineering

Session

11:45-11:50

Design and manufacturing of normal conducting copper structures (FTEC2019-09)

Speaker

Pedro Morales Sanchez

11:50-11:55

Mechanical Engineering for beam intercepting devices (target, collimators and dumps) (FTEC2019-17)

Speaker

Alvaro Romero Francia

11:55-12:00

Fabrication Engineering for Accelerator components (FTEC19-19)

Speaker

Miguel Navarro Baeza

12:00
