

Session Program

10 December 2020

11th FTEC Workshop

FTEC2019: Electrical Engineering

Thursday 10 December

14:20

FTEC2019: Electrical Engineering

Session

14:20-14:30 Engineering for the HiLumi-LHC Inner Triplet STRING (FTEC2019-07)

Speaker

Nicolas Heredia Garcia

14:30-14:40

Qualification of electrolytic capacitors for the development of quench protection systems of superconducting magnets (FTEC2019-03)

Speaker

Josep Guasch Martinez

14:40-14:50

Supervision and trigger distribution units for magnet protection (FTEC2019-02)

Speaker

Guzman Martin Garcia

14:50
