

Session Program

20 January 2022

**13th FTEC Workshop (only remote
connection)**

FTEC2019: Electrical Engineering

Thursday 20 January

09:10

FTEC2019: Electrical Engineering

Session

09:10–09:20

Engineering for the HiLumi-LHC Inner Triplet STRING (FTEC2019-07)

Speaker

Nicolas Heredia Garcia

09:20–09:30

Qualification of electrolytic capacitors for the development of quench protection systems of superconducting magnets (FTEC2019-03)

Speaker

Josep Guasch Martinez

09:30–09:40

Supervision and trigger distribution units for magnet protection (FTEC2019-02)

Speaker

Guzman Martin Garcia

09:40
