

Session Program

20 January 2022

**13th FTEC Workshop (only remote
connection)**

FTEC2019: Mechanical Engineering

Thursday 20 January

11:10

FTEC2019: Mechanical Engineering

Session

11:10-11:20

Design and manufacturing of normal conducting copper structures (FTEC2019-09)

Speaker

Pedro Morales Sanchez

11:20-11:30

Fabrication Engineering for Accelerator components (FTEC19-19)

Speaker

Miguel Navarro Baeza

11:30-11:40

Mechanical Engineering for beam intercepting devices (target, collimators and dumps) (FTEC2019-17)

Speaker

Alvaro Romero Francia

11:40-11:50

Mechanical or material engineering for studies on radiation damage on beam intercepting devices materials (FTEC2019-20)

Speaker

Ramiro Francisco Mena Andrade

11:50
