Session Program

20 January 2022

13th FTEC Workshop (only remote connection)

FTEC 2021: Electrical Engineering

Thursday 20 January

14:00

FTEC 2021: Electrical Engineering
Session

14:00–14:10 **Studies for the LHC Injection Kicker Magnets**

Speaker
Miguel Diaz Zumel

14:10–14:20

Development and application of a Flux Expulsion Lens for Superconducting Materials

Speaker
Laura Monge Bartolome

14:20–14:30 **Dimensional control for High Field Magnet short model development**

Speaker
Pablo Gomez Sanchez

14:30–14:40 **High Field Magnet short model development and construction**

Speaker
Joan Baptista Rico Orero

14:40
