

**Session Program**

**18 January 2023**

**15th FTEC Workshop**

***FTEC 2021: Mechanical Engineering***

CERN, 30/6-019

## Wednesday 18 January

09:00

### FTEC 2021: Mechanical Engineering

Session | Location: CERN, 30/6-019

09:00–09:10

**Engineering/design of tooling for removal and storage of 250-tonne fragile calorimeter from the CMS detector, 100m underground, to the surface**

**Speaker**

Victorio Sanchis Ortola

09:10–09:20

**Engineering and design of interface systems to integrate the new 250-tonne high-granularity calorimeter into the CMS detector**

**Speaker**

Diego Garcia Robles

09:20
