

Session Program

25-30 Sept 2016

Hadronic Contributions to New Physics Searches

New ideas

Puerto de la Cruz, Tenerife, Spain
Hotel Las Aguilas, C/Doctor Barajas 19, 38400 Puerto de la Cruz, Tenerife

Friday 30 September

15:25

New ideas

Session

15:25–16:00

Wave function renormalization and flavour mixing: the case for new physics

Speaker

Domenec Espriu Climent

16:00–16:35

S-matrix solution of Lippmann-Schwinger equation for regular and singular potentials

Speaker

Jose Antonio Oller

16:35–17:10

Atomic CPT tests and determination of fundamental parameters of the SM

Speaker

Wolfgang Quint

17:10
