

JENAS 2022

Tuesday 3 May 2022 - Friday 6 May 2022

Madrid

Seminar Programme

Tuesday May 3rd , 2022

Session: welcome and physics highlights

15:00 Welcome by the General Secretary of the Ministry of Science and Innovation - MICINN (**Dr. Raquel Yotti**)

15:10 Welcome and Presentation of the Consejo Superior de Investigaciones Científicas - CSIC (**Prof. Jesus Marco**)

15:30 Physics highlights and challenges - astroparticle physics

16:00 Physics highlights and challenges - particle physics

16:30 Physics highlights and challenges - nuclear physics

17:00 Break

Session: overall strategies, to set the scene

17:30 Strategy APPEC

18:00 Strategy ECFA

18:30 Strategy NuPECC

19:00 Welcome cocktail

Wednesday May 4th, 2022

Session: EoI Reports

9:00 EoI 1 - Dark Matter - iDMEu

9:30 EoI 2 - Gravitational Waves for fundamental physics

10:00 EoI 3 - Machine-Learning Optimized Design of Experiments - MODE

10:30 Break

11:00 EoI 4 - Nuclear Physics at the LHC

11:30 EoI 5 - Storage Rings for the Search of Charged-Particle Electric Dipole Moments (EDM)

12:00 EoI 6 - (to be announced)

13:00 Lunch

Session: applications for society (intention to kick-off a joint ApPEC-ECFA-NuPECC folder on the topic, referring to domain specific information)

15:00 Transfer of knowledge - best practices 1

15:30 Transfer of knowledge - Round Table Discussion

16:30 Break

Session: education, outreach and science communication

16:00 Training of scientific and technical staff

16:30 Education from master student to tenure

17:00 Outreach: a united ApPEC-ECFA-NuPECC story to tell?

17:15. Round Table Discussion

18:00 Poster session

Thursday May 5th, 2022

Session: Infrastructures for future

9:00 Open questions in fundamental physics and our main future facilities to address them
9:30 Detector technology challenges to realise our scientific ambitions
10:00 Challenges in computing and software for our Big Data
10:30 Infrastructures for Fundamental science from the EC perspective
11:00 Break
Session: Computing and Software situation, challenges and avenues for the future

11:30 Quantum computing

12:00 Open Data for ApPEC-ECFA-NuPECC
12:30 Sustainability and future of software frameworks

13:00 Lunch
Session: diversity, recognition and Large scale projects

15:00 Precise calculations
15:30 WG on Recognition of achievements in large collaborations
16:00 WG/survey on Diversity
16:30

FREE TIME

20:00 Conference dinner
Friday May 6th, 2022
Session: Technology and Detector R&D (cannot cover everything, hence select key topics with synergies among the fields)

9:00 Photo-sensors
9:30 Solid-state devices
10:00 Calorimetry

10:30 Break

11:00 Cryogenics
11:30 Accelerator technology
12:00 How to limit the environmental impact
12:30 Closing

13:00 Lunch
