

Session Program

10 January 2019

IGFAE Retreat 2018

Highlights from 2018

Centro de Estudos Avanzados (Santiago de Compostela)
Finca Vista Alegre,, 15705 Santiago de Compostela, A Coruña

Thursday 10 January

10:15

Highlights from 2018

Session |

Location: Centro de Estudos Avanzados (Santiago de Compostela), Finca Vista Alegre,, 15705 Santiago de Compostela, A Coruña

10:15-10:25

Beyond the SM searches with LHCb

Speaker

Juan Jose Saborido Silva

10:25-10:35

Hot and dense QCD in the LHC era and beyond

Speaker

Elena Gonzalez Ferreiro

10:35-10:45

String theory and related fields

Speaker

Jose Daniel Edelstein

10:45-10:55

Extremely energetic cosmic rays and neutrinos - Large exposure experiments

Speaker

Jaime Alvarez-Muniz

10:55-11:05

Dark Matter and the nature of neutrinos

Speaker

Diego Gonzalez Diaz

11:05-11:15

The structure of the nuclear many-body systems and its astrophysical and cosmological implications

Speaker

Dolores Cortina

11:15-11:25

Commissioning and exploitation of the Laser Laboratory for Accelerator and Applications

Speaker

Jose Benlliure

11:25
