

# Yang-Baxter deformations of the AdS3 string as marginal deformations of the WZW-model

*Monday 3 June 2019 10:30 (1 hour)*

The Yang-Baxter deformations of the (bosonic) AdS<sub>3</sub>×S<sup>3</sup> string will be classified and shown to correspond, via a field redefinition, to marginal current-current deformations of the WZW-model.

**Presenter:** WULFF, Linus (Masaryk University of Brno)

**Session Classification:** Seminar
