

## **Session Program**

**3-5 Jun 2019**

# **Integrability, duality and beyond**

## ***Seminar***

Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140  
Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

# Monday 3 June

10:30

## Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

10:30–11:30

### Yang-Baxter deformations of the AdS3 string as marginal deformations of the WZW-model

**Speaker**

Linus Wulff

11:30

12:00

## Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

12:00–13:00

### The Many Facets of Poisson-Lie T-duality

**Speaker**

Falk Hassler

13:00

15:00

## Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

15:00–16:00

### Double and exceptional field theory

**Speaker**

David Berman

16:00

16:30

## Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

16:30–17:30

### Aspects of gauge-strings duality

**Speaker**

Carlos Núñez

17:30

## Tuesday 4 June

10:30

### Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

10:30–11:30

### Integrable deformations of the $AdS_5 \times S^5$ superstring: resolving some puzzles

**Speaker**

Ben Hoare

11:30

12:00

### Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

12:00–13:00

### Integrable 2d sigma models: RG flow and deformations

**Speaker**

Arkady Tseytlin

13:00

15:00

### Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

15:00–15:45

### Exploring the landscape of eta-deformed $AdS$ superstrings

**Speaker**

Fiona Seibold

15:45

15:45

### Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

15:45–16:30

### T-duality equivalences beyond string theory

**Speaker**

Alejandro Vilar López

16:30

17:00

### Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

17:00–17:45

### Spin-2 excitations in Gaiotto-Maldacena solutions

**Speaker**

José Manuel Penín Ascariz

17:45

# Wednesday 5 June

10:30

## Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

10:30–11:30

### Quantum info from symmetry, geometry and the effective action

**Speaker**

Kostas Sfetsos

11:30

12:00

## Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

12:00–13:00

### From 1 to N

**Speaker**

Marc Magro

13:00

15:00

## Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

15:00–16:00

### Exceptional Geometry of supersymmetric AdS vacua and their consistent truncations

**Speaker**

Emanuel Malek

16:00

16:30

## Seminar

**Session** |

**Location:** Facultade de Física, Universidade de Santiago de Compostela, Rooms: 5, 7, 130 and 140, Rúa de José María Suárez Núñez, s/n, 15705 Santiago de Compostela

16:30–17:30

### Integrable deformations and Generalised Dualities

**Speaker**

Dan Thompson

17:30
