

Session Program

9 January 2020

IGFAE Retreat 2019

Highlights from 2019

Centro de Estudos Avanzados (Santiago de Compostela)
Finca Vista Alegre,, 15705 Santiago de Compostela, A Coruña

Thursday 9 January

10:05

Highlights from 2019

Session |

Location: Centro de Estudos Avanzados (Santiago de Compostela), Finca Vista Alegre,, 15705 Santiago de Compostela, A Coruña

10:05-10:25

Beyond the SM searches with LHCb

Speakers

Diego Martinez Santos, Juan Jose Saborido Silva

10:25-10:35

Hot and dense QCD in the LHC era and beyond

Speaker

Elena Gonzalez Ferreiro

10:35-10:45

String theory and related fields

Speaker

Javier Mas Sole

10:45-10:55

Extremely energetic cosmic rays and neutrinos - Large exposure experiments

Speaker

Enrique Zas

10:55-11:05

Dark Matter and the nature of neutrinos

Speakers

Diego Gonzalez Diaz, Jose Angel Hernando Morata

11:05-11:15

Gravitational Wave Astronomy

Speaker

Dr Thomas Dent

11:15-11:35

The structure of the nuclear many-body systems and its astrophysical and cosmological implications

Speaker

Dolores Cortina

11:35-11:45

Commissioning and exploitation of the Laser Laboratory for Accelerator and Applications

Speaker

Jose Benlliure

11:45
