

Session Program

15-19 Nov 2021

Course on Neutron Star Physics

Nucleosynthesis during birth and death of neutron stars

IGFAE, Sala de Xuntas bloque IV / Zoom

Wednesday 17 November

12:30
14:00

Nucleosynthesis during birth and death of neutron stars

Session | **Location:** IGFAE, Sala de Xuntas bloque IV / Zoom

12:30–14:00 **Evolution of massive stars and core-collapse supernova.**

Speaker

Prof. Gabriel Martínez-Pinedo

Thursday 18 November

12:00

13:30

Nucleosynthesis during birth and death of neutron stars

Session | **Location:** IGFAE, Sala de Xuntas bloque IV / Zoom

12:00–13:30

Nucleosynthesis in neutron star mergers.

Speaker

Gabriel Martínez Pinedo
