

Session Program

5 July 2022

IGFAE Retreat 2021

Highlights from 2021

Centro de Estudos Avanzados (Santiago de Compostela)
Finca Vista Alegre,, 15705 Santiago de Compostela, A Coruña

Tuesday 5 July

11:35

Highlights from 2021

Session |

Location: Centro de Estudos Avanzados (Santiago de Compostela), Finca Vista Alegre,, 15705 Santiago de Compostela, A Coruña

11:35-11:55

Beyond the SM searches with LHCb

11:55-12:05

Hot and dense QCD in the LHC era and beyond

12:05-12:15

String theory and related fields

12:15-12:25

Extremely energetic cosmic rays and neutrinos - Large exposure experiments

12:25-12:35

Dark Matter and the nature of neutrinos

12:35-12:45

Gravitational Wave Astronomy

12:45-13:05

The structure of the nuclear many-body systems and its astrophysical and cosmological implications

13:05-13:15

Commissioning and exploitation of the Laser Laboratory for Accelerator and Applications

13:15
