

Session Program

1-2 Jun 2023

From Hadrons to Stars and the Cosmos: A tribute to Ricardo Vázquez

Astroparticle Physics

Facultade de Física, Universidade de Santiago de Compostela, Aula Magna

Thursday 1 June

12:00

Astroparticle Physics: Astroparticle Physics (I)

Session | **Location:** Facultade de Física, Universidade de Santiago de Compostela, Aula Magna

12:00-12:20

Alan Watson

Speaker

Alan Watson

12:20-13:00

Enrique Zas

Speaker

Enrique Zas

13:00

15:00

Astroparticle Physics: Astroparticle Physics (II)

Session | **Location:** Facultade de Física, Universidade de Santiago de Compostela, Aula Magna

15:00-15:20

Clusters of electrons: a new observable for the study of Cosmic Rays

Speaker

Juan Garzon

15:20-15:40

Diego Gonzalez-Diaz

Speaker

Diego Gonzalez Diaz

15:40-16:00

From the constant intensity cut curve to Mount Pindo, more than 10 years of friendship shared with Ricardo (Zoom)

Speaker

Patricia Maria Hansen

16:00

16:30

Astroparticle Physics: Astroparticle Physics (III)

Session | **Location:** Facultade de Física, Universidade de Santiago de Compostela, Aula Magna

16:30-17:00

Francis Halzen (Zoom)

Speaker

Francis Halzen

17:00-17:30

Carlos Escobar (Zoom)

17:30
