

Session Program

18-22 Oct 2021

**The 2021 School on the Physics of Baryons
(Baryons-21_School)**

Theory for Strong QCD

Seville, Virtual
On-line school

Friday 22 October

13:00

Theory for Strong QCD

Session | **Location:** Seville, Virtual, On-line school

13:00–14:45

Emergence of dynamical energy scales in QCD from Schwinger-functional methods

Speaker

Daniele Binosi

14:45

15:15

Theory for Strong QCD

Session | **Location:** Seville, Virtual, On-line school

15:15–17:00

Overview of lattice results for hadron spectroscopy and structure

Speaker

Huey-Wen Lin

17:00
