

Dark Matter Searches at Accelerators

Wednesday, March 29, 2023 3:30 PM (30 minutes)

Dark Matter and dark sectors are the target of an increasingly large number of experiments at accelerators and colliders. I will review some of the candidates being targeted, current experiments and new results, and exciting ideas that are being proposed for the future.

Author: FENG, Jonathan Lee (University of California Irvine (US))

Presenter: FENG, Jonathan Lee (University of California Irvine (US))

Session Classification: SESSION 3: Dark Matter Particle Candidates and Accelerator Searches (CHAIR: Tracy Slatyer - MIT)

Track Classification: Dark matter searches at accelerators
