

Session Program

25-29 Jul 2022

27th International Symposium on Particles, Strings and Cosmology

Plenary Session

Max Planck Institute for Nuclear Physics, Heidelberg, Germany
Saupfercheckweg 1 69117 Heidelberg Germany

Monday 25 July

10:45

Plenary Session: 1

Session | **Location:** Main Lecture Hall | **Convener:** Thomas Schwetz

10:45–11:20

Axion with and without gravity

Speaker

Gia Dvali

11:20–11:50

New Aspects of Cosmic Inflation

Speaker

Konstantinos Dimopoulos

11:50–12:25

XENONnT: First electronic recoil results from Science Run 0

Speaker

Andrii Terliuk

12:30

Friday 29 July

11:00

Plenary Session: 7

Session | **Location:** Main Lecture Hall | **Convener:** Evgeny Akhmedov

11:00–11:30

Scale invariance as a solution for "Mass without Mass"

Speaker

Jisuke Kubo

11:30–12:00

Flavour Physics Beyond the Standard Model

Speaker

Andreas Crivellin

12:00–12:30

The sterile neutrino hypothesis and short-baseline anomalies

Speaker

Thomas Schwetz

12:30
