## BSM Physics with Charm

*Thursday 25 April 2024 10:00 (30 minutes)*

Charm physics invites SM tests due to the abundance of data, complementarity with precision beauty and kaon searches and its part in the flavor puzzle. We present present puzzles, recent developments and future opportunities for light and heavy new physics.

**Presenter:** HILLER, Gudrun (Technische Universitaet Dortmund (DE))

**Session Classification:** Morning
