# 2025 California EIC Consortium Collaboration Meeting

Zhongbo Kang  
UCLA

X@ZhongboK

# A productive meeting

# We hope to continue our collaboration

Welcome to the UCEIC Consortium

The California EIC Consortium is a UC-wide Multicampus Research Programs and Initiatives (MRPI) center focused on the physics of Electron Ion Collider (EIC). We are funded by UC Office of the President. Our consortium consists of four UC campuses (Berkeley, Davis, Los Angeles and Riverside), Cal Poly SLO and three national laboratories (LANL, LBNL and LLNL). Check the following

**Thanks a lot to Barbara for her leadership**

**Thanks a lot to everyone for their active engagement in  
the collaboration**

**Thanks to our postdocs and students for organizing  
this**

Thank  
you!
