

Session Program

9-10 Jan 2025

**2025 California EIC Consortium Collaboration
Meeting**

Friday Session

UCLA, PAB 3-326

Department of Physics and Astronomy, University of California, Los Angeles, CA 90095

Friday 10 January

09:30

Friday Session: Morning 1

Session |

Location: UCLA, PAB 3-326, Department of Physics and Astronomy, University of California, Los Angeles, CA 90095

|

Convener: Zhongbo Kang

09:30–10:00

Berkeley overview

Speakers

Barbara Jacak, Barbara Jacak

10:00–10:30

LANL overview

Speaker

Xuan Li

10:30

11:00

Friday Session: Morning 2

Session |

Location: UCLA, PAB 3-326, Department of Physics and Astronomy, University of California, Los Angeles, CA 90095

|

Convener: Xuan Li

11:00–11:30

UCLA experiment overview

Speaker

huan huang

11:30–12:00

UCLA theory overview

Speaker

Prof. Zhongbo Kang

12:00

13:40

Friday Session: Afternoon 1

Session |

Location: UCLA, PAB 3-326, Department of Physics and Astronomy, University of California, Los Angeles, CA 90095

|

Convener: Gang Wang

13:40–14:10

UC Davis overview

Speaker

Daniel Cebra

14:10–14:40

UC Riverside overview

Speaker

Miguel Arratia

14:40–15:10

LLNL overview

Speaker

Ramona Vogt

15:10–15:30

Interpreting u-Channel Cross Sections

15:30

Speaker

Zachary Sweger

16:00

Friday Session: Afternoon 2**Session** |**Location:** UCLA, PAB 3-326, Department of Physics and Astronomy, University of California, Los Angeles, CA 90095**Convener:** Jani Penttala

16:00–16:20

Feasibility Study of Measuring $\Lambda 0 \rightarrow n\pi 0$ Using a High-Granularity Zero-Degree Calorimeter at the EIC**Speaker**

Sebastian Moran

16:20–16:40

ECAL Benchmark Tests at UCR**Speaker**

Miguel Rodriguez

16:40–17:00

Position Reconstructions with ZDC Simulations**Speaker**

Mia Macias

17:00–17:10

Ideas on outreach**Speaker**

Heather Jean Folsom

17:20

17:10–17:20

Closing remarks
