

Session Program

9-11 Apr 2018

Dark Matter at the Dawn of Discovery ?

Direct Detection

Heidelberg University, 106
Am Philosophenweg 12 69120 Heidelberg

Tuesday 10 April

13:45

Direct Detection

Session | **Location:** Heidelberg University, 106, Am Philosophenweg 12 69120 Heidelberg

13:45-14:05

Dark matter detection with large liquid xenon/argon detectors

Speaker

Marc Schumann

14:15-14:35

DD of low WIMP masses using cryogenic bolometers

Speaker

Raimund Strauss

14:45-15:05

Astrophysical uncertainties on dark matter searches

Speaker

Louis Strigari

15:15
