Session Program

6–10 Nov 2023

Condensed Complexity - The Essence of Information Processing and Cognition?

Session 5

FIAS, Lecture Hall
Ruth-Moufang-Str. 1 60438 Frankfurt am Main

Thursday 9 November

11:00

Session 5: Machine Learning & Applications I

Session | **Location:** FIAS, Lecture Hall, Ruth-Moufang-Str. 1 60438 Frankfurt am Main

11:00–11:45

Decoding the Information in Self-Supervised Learning: Pathway to Optimal Representations

Speaker

Prof. Ravid Shwartz-Ziv

11:45–12:30

Generalized Equivariance through Fluid Representations in Brains and Machines

Speakers

Andy Keller, Prof. Max Welling

12:30
