

Session Program

6-10 Nov 2023

Condensed Complexity - The Essence of Information Processing and Cognition?

Session 7

FIAS, Lecture Hall
Ruth-Moufang-Str. 1 60438 Frankfurt am Main

Friday 10 November

09:00

Session 7: Quantum information processing

Session | **Location:** FIAS, Lecture Hall, Ruth-Moufang-Str. 1 60438 Frankfurt am Main

09:00–09:45

State of the art and perspectives of quantum computing

Speaker

Prof. Kristel Michielsen

09:45–10:30

The CERN Quantum Technology Initiative the Quantum Computing for HEP Programme

Speaker

Alberto Di Meglio

10:30
