An Introduction to Networks

Monday 25 July 2016 11:00 (40 minutes)

I will give a brief introduction to the basics of the networking setups we will be using during the exercises of the school. I will explain IP address, netmasks and broadcast addresses, gateways, and explain the concepts of networks to the extent that we will need them during the school.

Presenter: PURSCHKE, Martin Lothar (Brookhaven National Laboratory (US))

Session Classification: Lecture
