

Session Program

1-5 Aug 2022

23rd Virtual IEEE Real Time Conference

***Invited Talk: Atmospheric Neutron Effects in
Advanced Microelectronics, Standards and
Applications***

Monday 1 August

11:30

Invited Talk: Atmospheric Neutron Effects in Advanced Microelectronics, Standards and Applications

Session | Location:

11:30-12:15

Neutron Single Event Effects In Advanced Micro-Nano-Electronics - Tests Standards And Applications In Avionics, In Physics Or Fusion Research and Radiotherapy Facilities

Speaker

LERAY, Jean-Luc

12:15
