

Session Program

1-5 Aug 2022

23rd Virtual IEEE Real Time Conference

Invited Talk: Timepix detectors in Space: from radiation monitoring in low earth orbit to astroparticle physics

Friday 5 August

11:00

Invited Talk: Timepix detectors in Space: from radiation monitoring in low earth orbit to astroparticle physics

Session | Location:

11:00-11:45

Timepix detectors in Space: from radiation monitoring in low earth orbit to astroparticle physics

Speaker

BERGMANN, Benedikt

11:45
