Women in Engineering - WIE event

Wednesday 3 July 2024 16:55 (3 hours)

Spirit of the WIE event:

The WIE event at the NPSS EDUCOM Instrumentation School in Rabat is an empowering initiative designed to inspire and support female and under-represented students pursuing careers in STEM subjects. This event is open to everybody and features keynote speeches by accomplished professionals, a discussion session and a get together event. Attendees will have the opportunity to network with the WIE and School speakers, gain insights into the latest STEM trends and participate in mentorship sessions. The event aims to promote diversity in Science, Technology, Engineering and Mathematics, encourage under-represented students and young professionals to break barriers, and foster a supportive community for future professionals in the field.

Organized by Mrs
Cinzia DaVia
Naima EL KHAYATI
Andrea González Montoro
Hoàng Thị Kiều Trang

Program

Moderator: Cinzia DaVià
