

## Session Program

4-8 Jun 2017

## 27th IEEE Symposium on Fusion Engineering

### ***M.OA3: Inertial Fusion Engineering and Alternate Concepts***

Marriott Shanghai City Center  
555 Xi Zang Road (Middle), Huangpu District Shanghai 200003 China

# Monday 5 June

10:40

## M.OA3: Inertial Fusion Engineering and Alternate Concepts

Session | Location: Salon 3

10:40-11:00 **Status of the ICF program in China**

**Speaker**

Mr Wanguo Zheng

11:00-11:20 **Magnetized Target Fusion at General Fusion**

**Speaker**

Dr Michel Laberge

11:20-11:40 **Properties of a Clean and Economic Boron Laser Fusion Reactor**

**Speaker**

Prof. Heinrich Hora

11:40-12:00

**Fusion chamber dynamics and first wall response in a Z-pinch driven fusion-fission hybrid power reactor (Z-FFR)**

**Speaker**

Dr Jianmin Qi

12:00-12:20 **Experimental results from the SPECTOR device at General Fusion**

**Speaker**

Dr Michel Laberge

12:20-12:40

**Radiation Safety Design for the North Pole Neutron Time-of-Flight System at the NIF**

**Speaker**

Dr Hesham Khater

12:40
