

Session Program

4-8 Jun 2017

27th IEEE Symposium on Fusion Engineering

R.PLN: Plenary R

Marriott Shanghai City Center
555 Xi Zang Road (Middle), Huangpu District Shanghai 200003 China

Thursday 8 June

08:30

R.PLN: Plenary R

Session | Location: Grand Ballroom

08:30-08:40 **Announcements**

08:40-09:20

Prospect towards steady-state helical fusion reactor based on progress of LHD project entering the deuterium experiment phase

Speaker

Prof. Yasuhiko Takeiri

09:20-10:00

Engineering Challenges in W7-X and preparations for the second operation phase

Speaker

Prof. Hans-Stephan Bosch

10:00
