

Session Program

4-9 Sept 2022

ICISE School for Medical Physics 2022
September 4 - 9, 2022. ICISE, Quy Nhon, Vietnam

**ICISE School for Medical Physics 2022, ICISE,
Quy Nhon, Vietnam**

Student presentations - Session 4

Thursday 8 September

11:00

Student presentations - Session 4

Session

11:00-11:15

Investigation of neutron dose rate from 15 MV photon beam in Clinac iX medical accelerator at Kien Giang Oncology hospital

Speaker

Vũ Ngọc Tú .

11:15-11:30

Determination the neutron flux on Varian CX linear accelerator at 108 Military Cental Hospital by experimental method

Speaker

Lê Mạnh Đức .

11:30-11:45

DAILY DOSE TEST RESULT EVALUATION OF THE PRECISE ELEKTA ACCELERATORS AT HO CHI MINH CITY ONCOLOGY HOSPITAL

Speaker

Nguyễn Khắc Sơn .

11:45-12:00

Measurements of Percentage Depth Dose and Beam profile for 6 MV and 15 MV in water phantom at General Ninh Binh hospital

Speaker

Trịnh Thúy Nguyễn .

12:00-12:15

A simple tool to show depth dose distributions in goods treated by 10 MeV electron beam

Speaker

Nguyễn Ngọc Quốc Trình .

12:15
