

New methods for new physics

Monday 12 June 2023 - Thursday 15 June 2023

Queen Mary University of London

Book of Abstracts

Contents

MC Generators and Computational Physics (1)	1
Gravitational Waves and Cosmological Phenomenology (1)	1
Neutrinos Physics (1)	1
Student-led session	1
Flavour Physics (1)	1
MC Generators and Computational Physics (2)	1
Gravitational Waves and Cosmological Phenomenology (2)	1
Neutrino Physics (2)	2
Interpreting EWK precision measurements (1)	2
SEPnet event	2
Student poster session	2
MC Generators and Computational Physics (3)	2
Flavour Physics (2)	2
Gravitational Waves and Cosmological Phenomenology (3)	3
Neutrino Physics (3)	3
Interpreting EWK precision measurements (2)	3
Coffee break	3
Panel discussion with junior and senior scientists: Career in physics research	3
MC Generators and Computational Physics (4)	3
Outreach event	3
Student-led presentations	4
Workshop summary, student presentation awards	4
Overview	4

1

MC Generators and Computational Physics (1)

Corresponding Author: matthew.lim@desy.de

2

Gravitational Waves and Cosmological Phenomenology (1)

Corresponding Author: m.carrillo-gonzalez@imperial.ac.uk

3

Neutrinos Physics (1)

Corresponding Author: jessica.turner@durham.ac.uk

4

Student-led session

Corresponding Authors: ansh.bhatnagar@durham.ac.uk, ulla.blumenschein@cern.ch, k.t.k.armstrong-williams@qmul.ac.uk

5

Flavour Physics (1)

Corresponding Authors: ulla.blumenschein@cern.ch, marcella.bona@cern.ch

6

MC Generators and Computational Physics (2)

Corresponding Author: matthew.lim@desy.de

7

Gravitational Waves and Cosmological Phenomenology (2)

Corresponding Author: m.carrillo-gonzalez@imperial.ac.uk

8

Neutrino Physics (2)

Corresponding Author: jessica.turner@durham.ac.uk

9

Interpreting EWK precision measurements (1)

Corresponding Author: philip.sommer@cern.ch

10

SEPnet event

11

Student poster session

12

MC Generators and Computational Physics (3)

Corresponding Author: matthew.lim@desy.de

13

Flavour Physics (2)

Corresponding Author: marcella.bona@cern.ch

14

Gravitational Waves and Cosmological Phenomenology (3)

Corresponding Author: m.carrillo-gonzalez@imperial.ac.uk

15

Neutrino Physics (3)

Corresponding Author: jessica.turner@durham.ac.uk

16

Interpreting EWK precision measurements (2)

Corresponding Author: philip.sommer@cern.ch

17

Coffee break

18

Panel discussion with junior and senior scientists: Career in physics research

19

MC Generators and Computational Physics (4)

Corresponding Author: matthew.lim@desy.de

20

Outreach event

Corresponding Authors: m.w.davies@qmul.ac.uk, m.withington@qmul.ac.uk

21

Student-led presentations

Corresponding Authors: ulla.blumenschein@cern.ch, l.brissenden@lancaster.ac.uk, ashutosh.pathak@open.ansh.bhatnagar@durham.ac.uk

22

Workshop summary, student presentation awards

Corresponding Author: ulla.blumenschein@cern.ch

23

Overview

Corresponding Author: ulla.blumenschein@cern.ch
