

Session Program

27 June 2023

3rd. Workshop on Trasgo detectors. The New Generation

Low Energy Cosmic Ray Physics

Faculty of Physics. Univ. Santiago de Compostela, Sala de juntas
Avda. José María Suarez Nuñez s/n

Tuesday 27 June

12:00

Low Energy Cosmic Ray Physics

Session |**Location:** Faculty of Physics. Univ. Santiago de Compostela, Sala de juntas, Avda. José María Suarez Nuñez s/n

12:00–12:30

Spectrometry of cosmic-ray neutrons with HENSA: status and future plans

Speaker

Ariel Tarifeño-Saldivia

Location

Faculty of Physics. Univ. Santiago de Compostela, Sala de juntas, Avda. José María Suarez Nuñez s/n

12:30–13:00

Spanish contribution to the Global Neutron Monitor Network (GNMN)

Speaker

Juan Jose Blanco

Location

Faculty of Physics. Univ. Santiago de Compostela, Sala de juntas, Avda. José María Suarez Nuñez s/n

13:00–14:00

The latest low energy measurements with AMS on the ISS

Speaker

Miguel Angel Velasco Frutos

Location

Faculty of Physics, Aula Magna, Avda. Jose M. Suarez Nuñez s/n

14:00
