

Session Program

27 September 2021 to 1 October 2021

The 16th International Workshop on Tau Lepton Physics (TAU2021) (Virtual Edition)

Session 4b: Neutrino and Dark Matter

Indiana University, Virtual

Wednesday 29 September

08:00

Session 4b: Neutrino and Dark Matter

Session | **Location:** Indiana University, Virtual | **Convener:** Mark Messier

08:00–08:25

Searches for Neutrinoless Double Beta Decay

Speaker

Walter Pettus

08:25–08:45

Latest results from the CUORE experiment

Speaker

Miriam Olmi

08:45–09:05

Neutrino oscillation results from the MINOS/MINOS+ Experiment

Speaker

Stefano Germani

09:05–09:25

Measuring three-flavor neutrinos with FASERnu at the LHC

Speaker

Tomoko Ariga

09:25–09:45

The Scattering and Neutrino Detector at the LHC

Speaker

Francesco Navarra

09:45
