

Session Program

27 September 2021 to 1 October 2021

The 16th International Workshop on Tau Lepton Physics (TAU2021) (Virtual Edition)

Session 5b: Proton-proton and e^+e^- colliders

Indiana University, Virtual

Wednesday 29 September

08:00

Session 5b: Proton-proton and e+e- colliders

Session | Location: Indiana University, Virtual | Convener: Michel Davier

08:00–08:25

Current status and results of the experiments with CMD-3 detector at VEPP-2000

Speaker

Boris Shwartz

08:25–08:50

e+e- hadronic cross-sections with SND detector at VEPP 2000

Speaker

Dr Tatyana Dimova

08:50–09:15

Study of e+e- annihilation into hadrons at low energies with ISR at BABAR

Speaker

Peter Lukin

09:15–09:40

Measuring the inclusive cross section of e+ e- annihilation into hadrons at the KEDR experiment

Speaker

Korneliy Todyshev

09:40
