Contribution ID: 47 Contribution code: STAT

Type: Talk

# APS0U Accelerator Control System Update

*Thursday 22 September 2022 16:00 (20 minutes)*

This talk will cover the control system upgrades necessary to support the APS upgrade project (APS-U) reduce currently in progress to increase the light source brightness. The upgrade involves replacing most components in the storage ring to implement a multi-bend achromat Lattice.

**Presenters:** WHITE, Karen (Oak Ridge National Laboratory); GUOBAO, Shen (Argonne National Laboratory)

**Session Classification:** Thursday Afternoon session
