

## **Session Program**

**22-23 Apr 2020**

## **Washington DC workshop on future electron-positron colliders**

### ***Plenary:***

The Catholic University of America  
Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

# Tuesday 21 April

08:30

## Plenary:: Plenary 1

**Session** |

**Location:** The Catholic University of America, Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064 |

**Convener:** Aaron Dominguez

08:30-08:40

### Welcome

**Speaker**

Aaron Dominguez

08:40-09:10

### Physics inspiration: high pT

**Speaker**

Nathaniel Craig

09:10-09:40

### Physics inspiration: Z resonance physics

**Speaker**

Ayres Freitas

09:40-10:20

### Grand overview of future electron-positron machines

**Speaker**

Young Kee Kim

10:20
