

Session Program

22-23 Apr 2020

Washington DC workshop on future electron-positron colliders

Plenary II

The Catholic University of America

Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

Tuesday 21 April

10:50

Plenary II: Plenary 2

Session |

Location: The Catholic University of America, Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

10:50-11:30

Better understanding of detector requirements: linear collider drivers

Speaker

Philipp Roloff

11:30-12:10

better understanding of detector requirements: high Z running

12:10-12:30

flavor physics at Z running

Speaker

Alexey Petrov

12:30
