

Session Program

22-23 Apr 2020

Washington DC workshop on future electron-positron colliders

parallel 2

The Catholic University of America

Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

Tuesday 21 April

16:00

parallel 2: Tracking

Session |

Location: The Catholic University of America, Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

16:00-16:20

Magnet design for interaction region optimization

Speaker

m Koratzinos

18:00

16:00

parallel 2: physics reach 2

Session |

Location: The Catholic University of America, Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

18:00
