

## **Session Program**

**22-23 Apr 2020**

## **Washington DC workshop on future electron-positron colliders**

### ***parallel 3***

The Catholic University of America

Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

# Wednesday 22 April

10:50

## parallel 3: Detectors: the big picture

**Session** |

**Location:** The Catholic University of America, Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

10:50-11:10

### Detector challenges of Higgs physics

**Speaker**

Jenny List

11:10-11:30

### Detector challenges: BSM physics

**Speaker**

Mikael Berggren

11:50

10:50

## parallel 3: common software

**Session** |

**Location:** The Catholic University of America, Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

11:50

10:50

## parallel 3: physics reach 3

**Session** |

**Location:** The Catholic University of America, Edward J. Pryzbyla Center The Catholic University of America 620 Michigan Ave NE Washington, DC. 20064

11:50
