International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

■ IUPAP Conference Categories

Conference Type	Attendees	Conference Type Description
Type A (General)	750 - 1000	Provide broad view of entire field of commission
Type B (Topical)	300 - 600	Concentrate on broad subfield (eg Heavy Ion Physics)
Type C (Special)	50 - 200	Concentrate on specialized topics
Type D (DC Workshops)		A category introduced to meet the needs of developing regions. All type D conferences submitted through C13.

Conf. Type	Attendees	Amount Granted								
		2017	2018	2019	2020	2021	2022	2023	2024	2025
Type A (General)	750 - 1000	€07 000+	€06 000+	€06 000+	€07 500+	€07 000+	€07 000+	€08 000+	€08 000+	CHF08 500+
Travel Grant A		€05 000	€04 000	€04 000	€04 500	€04 500	€03 000	€03 000	€03 000	CHF03 500
Type B (Topical)	300 - 350	€05 000	€05 000	€05 000	€07 000	€06 500	€05 500	€06 500	€06 500	CHF06 000
Type C (Special)	50 - 200	€00 000	€00 000	€00 000	€00 000	€00 000	€00 000	€00 000	€00 000	CHF00 000
Type D (Dev.Cnt)	Xxxxxxxx	€07 000	€07 000	€07 000	€07 500	€07 500	€05 500	€07 000	€07 000	CHF07 250

■ IUPAP Conference Selection Criteria

1. Scientific Value and Composition of Organizing Committee:

Justification to continue a series and, for new conferences, a clear statement of purpose on the relationship with existing conferences. Advisory and Program Committee members should be experts.

2. International Character and Accessibility:

Only international conferences are considered for sponsorship. They must have a fairly representative international advisory committee. If a series, the conference must move amongst countries and continents. Participation should be genuinely international.

3. Free Circulation of Scientists:

The free circulation of scientists for scientific purposes is a major piece of IUPAP policy. The principle of the Universality of Science is fundamental to scientific progress. This principle embodies freedom of movement, association, expression and communication for scientists, as well as equitable access to data, information and research materials.

4. Inclusion of Women:

It is the policy of IUPAP that all IUPAP sponsored conferences must include women on the organising and program committees and as invited speakers. The application should include a list of the program committee with evidence that women are included, and the numbers of women invited speakers should be recorded in the conference report.

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

■ IUPAP Conference Selection Criteria

5. Encourage Conferences to have Affordable Category of Registration Fee:

Recommended affordable registration fee for 2025: **300 CHF**

6. Harassment

IUPAP insists that all participants at IUPAP conferences should be able to enjoy the conference and its benefits free of discrimination and harassment. To emphasise this policy and to indicate that remedies are available to those who are harassed or discriminated against, all IUPAP supported conferences are required to publish the following statement on their website and in all publications related to the Conference.

“It is the policy of the International Union of Pure and Applied Physics (IUPAP) that all participants in Union activities will enjoy an environment which encourages the free expression and exchange of scientific ideas, and is free from all forms of discrimination, harassment, and retaliation. The conference organisers will name an advisor who will consult with those who have suffered from harassment and who will suggest ways of redressing their problems, and an advisor who will counsel those accused of harassment. The conference organisers may, after due consideration, take such action they deem appropriate, including warning or expulsion from the conference without refund” [Name Advisor....]

■ IUPAP Conference Rules (Condensed)

- IUPAP Conferences are supported either by Financial sponsorship, or through Endorsement

IUPAP Supports Conferences in two ways

Financial Sponsorship	Endorsement
There is a deadline to submit applications	Application for Endorsement of Conferences can be submitted any time (without a deadline)
Support for type A, B and D type of conferences includes financial grant payable 4-5 months before the conference is held	Support for Endorsed Conferences is granted without financial allocation
Commissions and Affiliated Commissions required to submit recommendations of conferences they wish to be supported; decision for final approval remains the responsibility of Council	Commissions, Affiliated Commissions, and Working Groups can submit recommendations for Endorsement of Conferences

■ IUPAP Conference Rules (Condensed)

- IUPAP Conferences are supported either by Financial sponsorship, or through Endorsement
- To ensure that a conference is considered for IUPAP sponsorship in time, requests *must be made before June 1 of the year preceding the date of the proposed conference*. The request must include all required information as indicated on the application form.
- Physical Locations within IUPAP member nations to be given priority as conference hosts. Online and internet-based platforms should be fairly accessible to the wider community.
- IUPAP support to be given to best and most deserving conferences, previous funding not a *guarantee* for future support.
- Conference fees should be stated, requested amount should not exceed IUPAP limit
- Travel grants should be used to support physicists from developing countries
- Presence of women on LOCs and as invited speakers a condition for IUPAP support (10% Minimum)

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

■ IUPAP Procedure & Guidelines for Conference Sponsorship:

1. Conference Organizers should complete online IUPAP Application form for conference sponsorship. Completed copy of the application form sent to relevant Commission chair and secretary, and also received by the IUPAP secretariat. Due date for online submission of applications is **1 June** of the year preceding the date of the proposed conference. (eg 1 June 2025 for 2026)
2. Information submitted on the application form must reflect that the organizers conform with the general IUPAP policies and guidelines for conference sponsorships, in particular the Scientific Value of the conference, the Scientific integrity of the Organizing and Advisory Committees, the International Character of the conference, and compliance with IUPAP registration fee threshold.
3. Composition of Committees should reflect clearly the scientific quality of conference together with gender diversity of participants. In particular a list of programme committee members should be provided with clear evidence that women are included.
4. To ensure that conferences are accessible to physicists from all countries, organizers of IUPAP-supported conferences are urged to explore various mechanisms to ensure that the supported conference is accessible to physicists at all stages of their careers, including through the offering of maximum affordable conference-registration fees categories, or whatever alternative form of support which would facilitate participation of physicists in general, and of women, students and delegates from developing countries in particular. The IUPAP Council resolved at the 33rd IUPAP General Assembly held in Hainan, China in October 2024 that for the 2025 IUPAP-supported conferences, the amount of **300 CHF** is considered reasonably sufficient for an affordable conference-registration fee category. The IUPAP Council will periodically review the magnitude of the maximum affordable conference registration fee on an on-going basis, taking into account a variety of factors, including globally prevailing and dynamic economic conditions]
5. Conference organizers expected to publish the **Statement on Free Circulation of Scientists and Statement on Harrassment** in any circular or announcement and in the conference proceedings.

■ IUPAP Procedure and Guidelines for Conference Sponsorship:

6. Travel grants awarded to Type A conferences should be used to assist scientists travelling from Developing Countries. Traveling grants distributed by conference organizers themselves and NOT awarded to individuals directly by IUPAP.
7. Bank Transfer of Allocated Conference Grants: As part of the content of the Signed IUPAP Policy form, Conference organizers shall provide institutional banking information required to facilitate the transfer of IUPAP Conference allocated funds. **IUPAP does not accept the use of personal banking accounts to facilitate transfer of allocated IUPAP Conference grant funds.** Use of conference or institutional bank account is preferred. Upon receipt of the signed IUPAP Policy form, including banking details, the IUPAP secretariat shall process the inter-bank transfer of allocated funds approximately four months prior to the date of the commencement of the conference event. Allocated funds shall not be transferred to the prospective recipient party in cases where the IUPAP Policy form is not completed and submitted as required.
8. Organizers encouraged to avoid conflicting dates with those of related conferences. Contact details of conference secretary and chief conference organizer are required for correspondence purposes.
9. Supplied information should include a statement of plans for dissemination of results or proceedings
10. After the conference, organizers MUST complete the **Conference Report Form online**, which, like the original application form, should be sent to the IUPAP Commission chair and Secretariat. The report must contain all the basic information required, with exact numbers of participants, invited speakers, number of women participants, etc. Such report is used as an assessment tool to check if the conference complied with IUPAP rules.
11. Conference Report Form addition on Section 3: *“The names and contact details of Conference Officers who were designated as Conference Advisors on Harrassment Issues”*

It is strongly recommended that when organizing conferences, conference organizers should make provision for conference sessions to be remotely accessible

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

■ Proceedings

Every effort should be made to have the proceedings of the conference published, in print or electronically, in order to make them widely and easily available to the scientific community. Publication of proceedings as a special issue of a regular journal or on the internet is encouraged.

<https://pos.sissa.it/cgi-bin/reader/families.cgi>.

■ GENERAL PRINCIPLE

IUPAP should not support any Conference that does not abide by the conference guidelines and principles

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

■ IUPAP Commissions Expected to Prioritize

1. Forward to the IUPAP secretariat their prioritized lists of Applications for Conference Sponsorships by no later than 31 August (A few commissions send their list in September. The October C&CC to take allocation decisions ratified by Council)
2. Help the secretariat to follow-up on conference organizers who fail to submit reports after the conference is held. Conference reports extremely important for Council to track not only the participation of women, but also to assess if the conferences are being conducted in accordance with the IUPAP conference guidelines

Council encourages all Conference Organizers and Commission chairs to promote the IUPAP-supported programmes and campaigns (eg Centennial celebrations, IYBSSD, IDSSD, IYQ) at all conferences supported by IUPAP. All conference organizers (of sponsored or endorsed) would receive as part of the correspondence communicating outcome of their applications, IUPAP Generic posters which they are encouraged to display at strategic locations at conference venues, on the websites and in other conference promotional materials or sites

Challenges

- Late submission of conference reports

	Awarded	Reported	%
2015	31	22	71%

Resolution 10: IUPAP 2021 General Assembly: Regarding Endorsed Conferences:

Taking into account the Endorsement of Conferences allows conference organizers to reflect on their promotional material their association with IUPAP without necessarily having to secure IUPAP financial sponsorship, noting that the relatively more flexible mechanism of Conference Endorsement currently runs/evolves time-independent without a submission deadline, and considering that currently Conference Endorsement can only be channeled through IUPAP Commissions, the 30th IUPAP GA resolved as follows:

1. Extend the function/duty/responsibility of recommending approval of Endorsement of Conferences to include all IUPAP **Working Groups** in addition to the Commissions and Affiliated Commissions ✓

Presented at 33rd-IUPAP GA and

Presented at 1st C&CC Introductory Meeting

Advancing physics across international boundaries for the past 100 years

INTERNATIONAL COMMISSIONS

- C1: Commission on Policy and Finance
- C2: Commission on Symbols, Units, Nomenclature, Atomic Masses and Fundamental Constants
- C3: Statistical Physics
- C4: Astroparticle Physics
- C5: Low Temperature Physics
- C6: Biological Physics
- C8: Semiconductors
- C9: Magnetism
- C10: Structure and Dynamics of Condensed Matter
- C11: Particles and Fields
- C12: Nuclear Physics
- C13: Physics for Development
- C14: Physics Education
- C15: Atomic, Molecular, and Optical Physics
- C16: Plasma Physics
- C17: Laser Physics and Photonics
- C18: Mathematical Physics
- C19: Astrophysics
- C20: Computational Physics

AFFILIATED COMMISSIONS

- AC1: International Commission for Optics
- AC2: International Commission on General Relativity and Gravitation
- AC3: International Commission for Acoustics
- AC4: International Commission on Medical Physics

WORKING GROUPS

- WG1: International Committee for Future Accelerators (ICFA)
- WG2: Communication in Physics
- WG5: Women in Physics
- WG7: International Committee on Ultrahigh Intensity Lasers (ICUIL)
- WG9: International Cooperation in Nuclear Physics (ICNP)
- WG10: Astroparticle Physics International Committee (APPIC)
- WG11: Gravitational Wave International Committee (GWIC)
- WG12: Energy
- WG13: Newtonian constant of Gravitation
- WG14: Accelerator Science
- WG15: Soft Matter
- WG16: Industry
- WG17: Centenary

AIMS

- To stimulate and promote international cooperation, communication, research and education in physics;
- To foster inclusiveness and diversity in physics;
- To uphold openness, honesty and integrity in the practice, application and promotion of physics;
- To support the free circulation of scientists;
- To promote international agreements on symbols, units and nomenclature; and cooperating with other organizations on disciplinary and interdisciplinary problems.
- To help in the application of physics toward solving problems of concern to humanity.

2022

The yearlong CENTENARY celebrations will:

- Increase awareness of physics discoveries and the close ties among physicists at research centres globally
- Stimulate worldwide interest in physics and science, as a tool for education and a motor of innovation, technology & economic development.
- Reach out to the global physics community, national science organisations, policy-makers, societies, students, families and the general public.

Conference Sponsorship

Each year, IUPAP sponsors and endorses – 50 conferences annually with special attention given to those held in developing countries.

Inter Union Relations

Young Scientist Awards & Commission Awards
