

A Call for Action from Young Academies and Associations

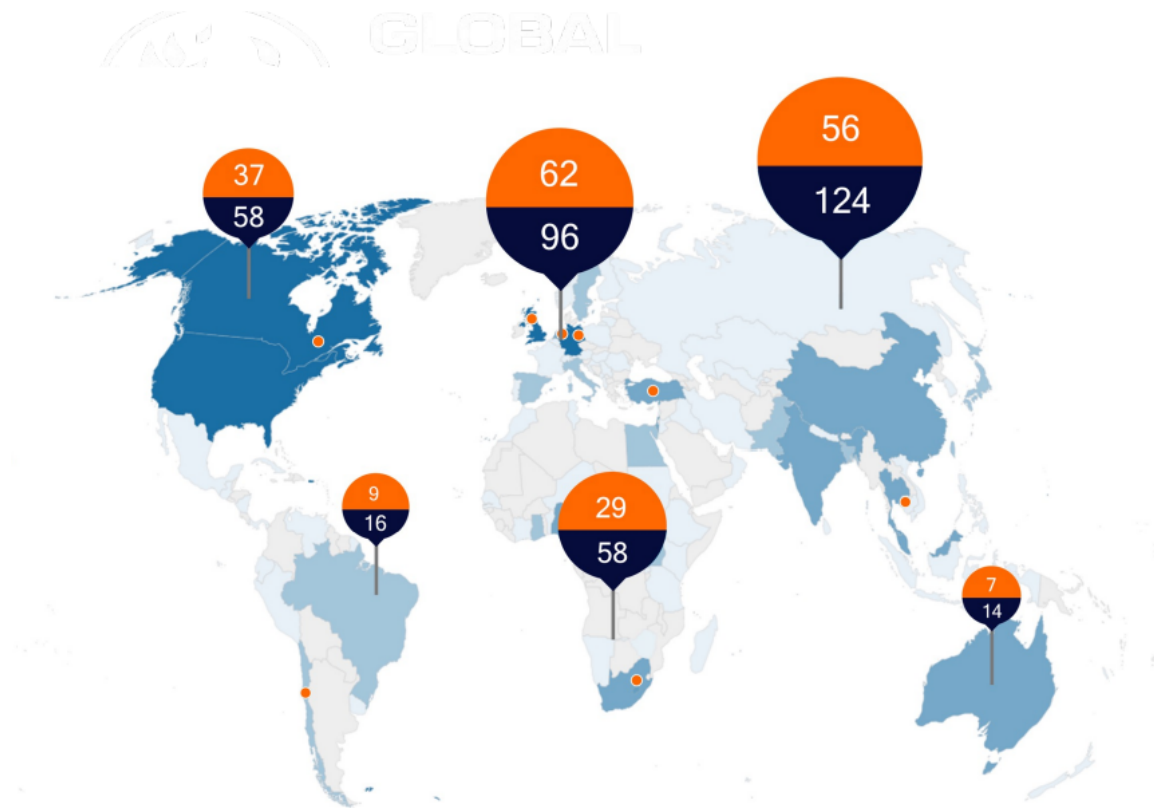

Hiba Baroud, Ph.D.
Vanderbilt University
Global Young academy

Fundamental Science for Sustainable Development

- **Critical role of fundamental science in ensuring a sustainable future**
- **Decline in the support of and investment in fundamental science**
- **Inequity within the research sector**
- **Call for action**
 - **Support interdisciplinary research aligned with sustainable development goals**
 - **Enhance transitions from research to innovation**
 - **Ensure equitable global knowledge and resource sharing**
