## New Signatures for IceCube from High Energy Neutrinos.

*Monday 6 May 2019 14:30 (15 minutes)*

Due to IceCube, neutrino astrophysics is entering a new era, which will allow powerful new probes of both astrophysics and particle physics. We investigate new signatures from high-energy neutrinos in IceCube that can help discriminate among presently allowed scenarios.

### Summary

**Authors:** ZHOU, Bei (CCAPP, OSU); Prof. BEACOM, John (Ohio State University)

**Presenter:** ZHOU, Bei (CCAPP, OSU)

**Session Classification:** Neutrinos I
