

THE STRING THEORY UNIVERSE - 22nd European string workshop and
Final COST MP1210 Conference

Contribution ID: 43

Type: **not specified**

PLENARY TALK 6: Gianguido Dall'Agata

Friday 24 February 2017 09:30 (50 minutes)

Title: Non-linear realizations of local supersymmetry

I will review recent developments on the construction of supergravity theories where supersymmetry is non-linearly realized and their use in inflationary cosmology.
