Contribution ID: **1124**   Type: **Higgs**

geoSMEFT and some applications

Wednesday 26 May 2021 17:30 (15 minutes)

The geometric approach to the SMEFT is defined, and some applications of this approach to Higgs and Electroweak physics is discussed.

Summary

Author: TROTT, Michael Robert (University of Copenhagen (DK))

Presenter: TROTT, Michael Robert (University of Copenhagen (DK))

Session Classification: Theoretical developments & Extra dimensions
