

Christmas party: 4+1 questions and a toast

Report of Contributions

Contribution ID: 1

Type: **not specified**

Welcome

Thursday 14 December 2023 09:30 (15 minutes)

Presenters: GORINI, Giuseppe (Universita & INFN, Milano-Bicocca (IT)); GORINI, Giuseppe

Session Classification: Welcome and introduction

Contribution ID: 2

Type: **not specified**

One year of BiCoQ

Thursday 14 December 2023 09:45 (15 minutes)

Presenter: TABARELLI DE FATIS, Tommaso (Universita & INFN, Milano-Bicocca (IT))

Session Classification: Welcome and introduction

Contribution ID: 7

Type: **not specified**

ARMONIA: Dark Matter and Dark Energy from astrophysical observations

Thursday 14 December 2023 10:00 (20 minutes)

Presenter: BENITEZ LLAMBAY, Alejandro (UniMiB)

Session Classification: BiCoQ research lines

Contribution ID: **8**

Type: **not specified**

CADMO: Dark Matter search with particle beams

Thursday 14 December 2023 10:20 (20 minutes)

Presenter: TERRANOVA, Francesco (Universita & INFN, Milano-Bicocca (IT))

Session Classification: BiCoQ research lines

Contribution ID: 9

Type: **not specified**

GRAF: Gravitational waves data and global fit

Thursday 14 December 2023 10:40 (20 minutes)

Presenter: BUSICCHIO, Riccardo (UniMiB)

Session Classification: BiCoQ research lines

Contribution ID: **10**

Type: **not specified**

BAUSCIA: An antenna for high frequency gravitational waves

Thursday 14 December 2023 11:00 (20 minutes)

Presenters: BORGHESI, Matteo; BORGHESI, Matteo

Session Classification: BiCoQ research lines

Contribution ID: 11

Type: **not specified**

PTOLEMY: unraveling the cosmology of relic neutrinos

Thursday 14 December 2023 11:40 (50 minutes)

Presenter: TULLY, Chris (Princeton University (US))

Session Classification: BiCoQ Seminar
