

Session Program

29-31 Oct 2018

HARPS meeting

Progress on jet substructure

Other Institutes
Aula 603, Department of Physics, University of Genova

Wednesday 31 October

09:00

Progress on jet substructure: new theory predictions

Session | **Location:** Other Institutes, Aula 603, Department of Physics, University of Genova

09:00–10:00 **Calculations for jet substructure**

Speaker

Lás Sarem Schunk

10:00–11:00 **Strong coupling determination with grooming**

Speaker

Vincent Theeuwes

11:00

11:30

Progress on jet substructure: new observables

Session | **Location:** Other Institutes, Aula 603, Department of Physics, University of Genova

11:30–12:10 **Soft-drop event shapes**

Speaker

Mr Jeremy Baron

12:10–12:50 **Jet pull**

Speaker

Mr Chang Wu

13:30

12:50–13:30 **Final discussion and closing remarks**
