

## An introduction to EuCAPT

*Monday 23 November 2020 16:55 (10 minutes)*

The European Consortium for Astroparticle Theory (EuCAPT) was founded in 2019 with the aim of supporting and bringing together the European community of theoretical astroparticle physicists and cosmologists. This short talk will explain the organisational structure, scope and plans of EuCAPT.

### **Abstract Track**

Astroparticle physics

**Authors:** Dr MARSH, David (Stockholm University); Mr MESSAGE, error

**Presenter:** Dr MARSH, David (Stockholm University)

**Session Classification:** Monday afternoon
