

**Session Program**

**23-25 May 2022**

**Frontiers in Nuclear Structure Theory**  
***session 2***

# Monday 23 May

13:30

## session 2

**Session** | **Location:** FD5, AlbaNova University center

13:30-14:05

### Clustering effects in fission of heavy and superheavy nuclei

**Speaker**

Sven Åberg

14:05-14:40

### Recent advances in the systematics of emission processes (zoom)

**Speaker**

Doru Delion

14:40-15:15

### Alpha clusterization for medium and heavy nuclei from shell model (zoom)

**Speaker**

Rodolfo Id Betan

15:15
